## \$130,000 Building Boosts July Permits

The construction of a new \$130,000 industrial building pushed Albany building permits to \$187,007 during the month of July, compared to \$58,690 issued during the same period last year.

The building is being built by the Consolidated Western Steel Corp. on the Albany portion of 1100 4th St., Berkeley.

Bernard Johnson was granted a permit to construct a building to include two stores and an upstairs apartment at 1019 Solano Ave. The building is estimated to cost \$23,500.

Other leading figures in the report was a permit issued to Albert Baronia to construct a \$11,000 home at 1004 Key Road Blvd.

Value of building permits to date totals \$496,759 compared to \$561,506 for the same period, 1950.

The Albany Building Department collected \$506.30 in fees during July.

## Security Savings to Close Saturdays

The Security Savings and Loan Association has announced that its three offices will be open five days a week, with all-day Saturday closing, commencing August 1.

The new office hours have been established in view of the ever-increasing trend toward a five-day business week, and a desire to give employees a long weekend, according to W. J. Bowman, president of the Association.

Effective August 1, office hours at Security's offices in Richmond, Albany and Martinez will be from 9 a.m. to 4 p.m., Mondays through Thursdays and from 9 a.m. to 6 p.m. on Fridays for the convenience of those who are unable to visit the offices during working hours.

ALFRED W. WOLFF, left, of 850 Stannage Ave., and Edward Bolden of Berkeley accept checks from Commander M. A. Peel Jr., SC, USN, planning officer at Oakland Naval Supply Center, for ideas which they submitted as employees at the Center. Wolff received a check for \$50 for a suggestion regarding a "modification for bulk storage for yards and docks supply branch." Bolden shared a check for \$50 with an Oakland employee for a suggestion concerning a "bundling rack." Navy civilian employees are encouraged to submit ideas which do their jobs better, safer, cheaper or faster, as part of the over-all Beneficial Suggestion program.—Courtesy Gazette.

# Albany Rent Control Ends

## Legal Machinery Rolling To Get Water, Sewer Facilities to Hill

The City Council Monday night went on record as approving the immediate decontrol of rent in Albany.

On a motion of Councilman John C. Longaker, the Council voted 4-0 to instruct City Atty. Edward R. Plotner to draw up the necessary resolution for the decontrol action. Councilwoman Mrs. Kathie Zahn abstained from voting.

Mrs. Zahn protested any immediate action on the issue and asked that it be delayed until a housing survey previously requested by the Office of the Housing Expediter could be completed.

"Why kick this thing around like a football?" replied Councilman Frank Graeber. He said that Robert Thorpe, area rent director, had plenty of time to prepare a survey before the special rent hearing last Thursday night.

Councilman Longaker expressed the opinion that "decontrol is going to knock rents down."

Councilmen pointed out that no legal action may be taken by landlords legally until the resolution is approved by the Federal Housing Expediter in Washington. Mayor Jerome Blank estimated that it would take from one to six weeks.

In other business the Council passed a series of resolutions establishing a water and sewer district for the 103 lots on Hillside Ave. and Cerrito St. on the west end of Albany Hill.

Property owners will have the chance to voice any opposition to the proposed assessment districts at a public hearing set for 8 p.m., August 13 at the City Hall.

Mayor Blank said that a survey showed all the lots needed water with about 40 needed sewer lines. Maximum cost for the water and sewer facilities for the average lot measuring 50 by 100 feet would amount to \$650. Lot owners may pay their share within 30 days without interest, or pay over a period of time on the tax rolls.

Plans and specifications for the water lines will be drawn up by the East Bay Municipal Utility District, while the City Engineer will prepare plans for the sewer lines. Bids will then be called for both projects.

A letter from Health Officer Victor Stallone Jr. recommended that Albany be annexed to the Alameda County Mosquito Abatement District.

Mrs. Zahn proposed that the city vote on the annexation plan at the special library bond election proposed in October. Other Councilmen approved a plan that it be placed on the ballot at the next general election.

The Council approved the low bid of \$11,400 submitted by Lee J. Immel for improvements on Curtis St.

The low bid of \$530 was accepted from Ted Williams of Albany Radio Appliance to install a loud-speaker system in the Council Chamber.

## Mayor Speaks On Rent Issue

Mayor Jerome Blank today made the following statement regarding the City Council's approval of rent decontrol in Albany:

"The City Council's action in voting to decontrol rents is only the first step along this line, and rents in Albany will not be officially decontrolled until the Council's resolution is approved by the Federal Housing Expediter in Washington, D. C.

"The Council, in voting for decontrol did so with the expectation that there would be no unfair advantage taken of any tenant, and that all landlords would proceed judiciously in making any possible adjustments.

"The Council feels that the spirit of fair play should and will enter into any negotiations between landlord and tenant, and that the law of supply and demand will stabilize rents in Albany."

## Albany Legion To Nominate '52 Officers

Albany Post No. 292, American Legion will open nominations for the commander's post and other officers to serve for the coming year at a meeting set for 8 o'clock tonight at the Veterans' Memorial Building.

Nominations will be held open until the regular meeting on August 17 at which time the election will be conducted.

Commander Arthur Carlson said today that every office will be contested with the exception of the commander and it is expected that Don Karus will automatically be elevated from his present office of first vice-commander.

"There is always great interest shown in the Post election and it is expected that a great number of hats will be tossed into the ring by aspiring members who are interested in serving to an official capacity for 1952," said Carlson.

Albany Post and its Auxiliary will host their respective organizations August 15 when the annual meeting of the 10th District is held here at the Memorial Building.

Some 210 Legion and Auxiliary delegates will meet here to elect officers for the coming year. Through Legion policy it is expected that Malcolm Champlin will be elevated to the commandship of the District, with Joseph McKee named as first vice-commander. The second vice-commander and other officers will be open for nominations.

After the business meeting and election, Albany will entertain the assembled visitors from all parts of Alameda County.

Albany Post delegates to the District meeting are Carl Waters, Le Roy W. Holland, Cary Canaday, Jack Hamilton, Gilson Talmadge, Walter L. Holland, Ralph Buckwalter and Commander Carlson.

## Local Navy Man to Report for Duty

Martin Oakley, son of Albany policewoman Mrs. Sigrid Oakley, of 939 Cerrito St., will report for active duty with the US Navy tomorrow.

He has been a member of the Naval Reserve since 1947 and recently completed a two-weeks' cruise on a seaplane tender. Oakley, a graduate of Albany High School with the Class of 1949, is scheduled to report to Treasure Island for transfer to San Diego for initial training.

More than 100 stitches were taken in the face of little two-year-old Lisa Bauman, daughter of Mr. and Mrs. John W. Bauman, 948 Gill Court, Monday after she was bitten by a dog. She wandered into a neighbor's yard where she was attacked by the tied animal. Lisa, pictured with her fluffy, white rabbit before the accident occurred, was reported in good condition at Alta Bates Hospital after spending five hours in the operating room where plastic surgery was performed to prevent scarring. The dog was locked up by the Berkeley Humane Society for a 10-day observation period.—Courtesy Gazette.

## Young Han Choo, Korean Consul General, to Address Rotarians

## School Board OK's Budget

A budget of \$967,388 for the 1951-52 fiscal year was adopted by the Albany Board of Education following a public hearing Wednesday evening at the new Administration Building.

The budget, including reserves, totals \$78,651 over last year's expenditures of \$888,737.

Although operating expenses will be higher during the coming year, Dr. Paul C. Bryan, superintendent of schools, said that there would be no increase in the \$1.65 tax rate since the School District has received some \$40,000 in Federal funds.

Operating expenses for the coming year are estimated to run \$939,840, with balance of the budget going for the emergency reserve funds. Actual operating expenses were increased \$78,651 over the year just completed, due mostly to an approximate 10 per cent increase in salaries for all school employees.

In other business the Board hired two new teachers, including Miss Margaret E. Annis, for the high school commercial department, and Mrs. Dorothy Ganster, elementary.

The low bid of \$8833 was accepted from the Coast Heating Co. for converting the Marin School heating system from oil to gas.

## Albany Youth Wins Fisher Guild Award

Thomas E. Hanson of 1345 Washington Ave., today was declared winner of an honorable mention award in the Senior Division of the Fisher Body Craftsman's Guild model car competition.

With three other California youths in the Senior Division, who won similar awards, Hanson received a model builder's tool chest. Announcement of the state and regional winners throughout the nation was made in Detroit today where judging has been in progress for three weeks.

In addition to the tool chest, cash awards totalling \$600 went to six California winners.

Young Han Choo, consul general of the Republic of Korea, will present "The Korean Case" when he speaks at the Albany Rotary Club Monday during the noon luncheon.

Choo, who has worked with Syngman Rhee, president of the Republic of Korea, at the Korean Commission in Washington, has also published the "Korean Open Letter," for the purpose of aiding Dr. Rhee's Korean independence movement.

The discussion at the Rotary Club of the world's urgent problem has been arranged by Olin Douglas, Albany pharmacist, chairman of the day.

Speaking before the club this week was Burdett Harrison, owner of an Oakland employment agency, who used "No One Likes to Quit" as his topic.

Harrison, who has interviewed some 35,000 applicants, suggested to employers who have a large turnover in personnel to stop and take inventory as to why so many quit their jobs. He said that in most cases employees quit because of the "lack of appreciation from the employer." The speaker appeared through arrangements of Richard Bowman.

During a brief business session, the Rotarians welcomed a new member into the organization. He is Nick Montano of Richmond, sales manager of the S & W Food Co., who will hold the classification of "grocery distribution." He was introduced and presented by Fred Granholt.

## Albany Man Reports For G.I. Training

Frank J. Correia, 1033 Cornell Ave., personally invaded Ft. MacArthur, Calif., this week to find out what it means to be a G.I.

The Albany youth joined with hundreds of other Arizona and California enlisted reservists for his first two weeks of regular army training. They all have had only 12 hours of army indoctrination until now.

A Pentagon policy following the outbreak of the war in Korea allowed Correia and other recruits to enlist in the reserve and lower their draft status until their education is completed. The two-week training in their base area is mandatory. Correia is presently assigned to the 6210th Replacement Training Center.

In quietness and confidence shall be your strength.—Isaiah.

**Glorify Budget Meals With Ice Cream**

It's very comforting in these days of soaring meat costs and the search for budget main dishes to know one favorite old American stand-by is as wonderful, nutritious and economical as ever. We refer to ice cream, of course. No matter that meat portions are smaller and less choice, the meal ends in splendor when there's ice cream for dessert. If you buy it at your super market pre-packaged in the pint or half-gallon carton, you'll find the cost per serving right in line with your budget plans. And it goes especially well with the fresh fruits so abundantly available now. For a real, thrifty treat, serve pre-packaged ice cream with cantaloupe, blueberries, raspberries, peaches or applesauce.

The annual picnic of Boyd, Holt and Knox Counties, Nebraska, will be held Sunday, August 26 in Oakland at the Diamond Park, Fruitvale and Whittier Aves. For additional information, call Mrs. Glenn Condon at Lockhaven 8-0827.

Nothing can be great which is not right. — Samuel Johnson.

## Festive Melon Salad

Vine ripened cantaloupe and honeydew melons, cousins in appearance and refreshing flavor, are perfect in salads for all occasions. The cool, sweet meat of melons is tantalizingly good with mayonnaise, and the appearance of melon salads is always appealing whether you slice the meat, cube it or make balls. Melon and cherry salad highlights the good flavors of both melons in a salad you'll enjoy making for your family, and for all happy guest occasions which may be yours this season.

## Christian Science

A Lesson-Sermon on the subject "Love" will be read in all Churches of Christ, Scientist, this Sunday, August 5, in which Biblical citations will include the following verses from Galatians:  
"Brethren, ye have been called unto liberty; only use not liberty for an occasion to the flesh, but by love serve one another. For all the law is fulfilled in one word, even in this; Thou shalt love thy neighbor as thyself" (5:13, 14).  
Each section of the sermon will contain correlative passages from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy, from which the following have been chosen:  
"When we realize that there is one Mind, the divine law of loving our neighbor as ourselves is unfolded; whereas a belief in many ruling minds hinders man's normal drift towards the one Mind, one God, and leads human thought into opposite channels where selfishness reigns. . . . Universal Love is the divine way in Christian Science" (p.p. 205, 206).  
If we find not repose in ourselves, it is vain to seek it elsewhere.—Cowper.
